Outdoor Mains Voltage (230v) LPM

FOR INDOOR AND OUTDOOR USE– Batch no: **XDZD36502025**

Information

These Mains voltage LED motifs are made from an iron frame using a mixture of rope and string lights. You will receive the motif with the commando plug socket connected, brackets and jubilee clips to attach to lamp posts. As this is mains voltage, **no Transformer is needed**.

Connection Instructions

This designed for outdoor use, the light is IP65 rated.

1. Thread a jubilee clip through the holes in the brackets at the top and bottom of motif
2. Place around the pole of the lamppost and tighten, make sure it is securely fixed.
3. Connect the commando plug to the inlet on the power source by pushing the male/female connectors together.
4. When connecting power cords, lights or accessories, it's important to make a good seal to ensure a waterproof connection.

Warnings

1. Do not connect the lights to a power source whilst they are still in the packaging.
2. The external cable of this light cannot be replaced; if the cord is damaged, the motif should be safely disposed of.
3. Ensure the motif is correctly supported and installed
4. The LEDs are not replaceable
5. Only use on 240v power source
6. The lighting set is not a toy – please keep it away from children.
